Expression of Interest (EOI)

Science, Technology, Engineering and Mathematics
(STEM) Youth Development Camp

Birrigai

2nd – 4th December 2019

The New South Wales Aboriginal Education Consultative Group Inc. (NSW AECG Inc.) in conjunction with the Department of Education's, Aboriginal Education and Communities and the ACT Government's Aboriginal and Torres Strait Islander Education Section will be conducting a STEM Youth Development Camp for Aboriginal students from Years 5 to 11. To commence the process the NSW AECG Inc. is calling for Expressions of Interest from schools with Aboriginal students in the nominated years.

The camp will contribute to creating the generational change required for students to achieve better outcomes at school and access post-school learning and employment pathways, in the areas of Science, Technology, Engineering and Mathematics. Camps such as these assist in opening up careers of the future for Aboriginal students.

The NSW AECG Inc. is committed and actively involved in supporting and raising the academic achievement of Aboriginal students. We aim to empower students to be active learners in their education and training by providing opportunities to develop skills in leadership roles within their schools and communities. This camp will look at opportunities that can inspire and motivate students who may be thinking of a career in STEM or who simply want to challenge themselves.

Schools should forward Expressions of Interest (EOI) on behalf of students hoping to attend the camp. EOIs should be forwarded to the NSW AECG Inc. Secretariat by either email: info@aecg.nsw.edu.au or by Fax: 02 95503361. EOIs must be received by COB, Friday 15th November 2019. No EOIs will be received after the Friday 15th November 2019. The maximum number of students per school is 15.
